Assigned Boat Number Instructions

It will be the responsibility of the skipper to place the assigned boat number on the port AND starboard side bow, or on the sail for beach catamarans.

These Hull numbers should stay on for the regatta and be fairly easy to remove (a heat gun will help).

If for some reason the numbers don't work for you:

Black or blue tape or silver duct tape on the Hull(s) is acceptable. Make sure the number sticks (or replace it) for all 3 days of the Regatta.

The numbers must be in Arabic (not Roman) numerals. They may be rounded or square, just so they are readable to the Race Committee.

Single digit numbers must start with zero. (01,02 etc)

Numbers must be at least 18" high, 12" wide, and 2" thick. (As a guide, this page is 8 ½ x 11 inches.)
